

EDUCATION

CARLETON COLLEGE

Bachelor of Arts, Physics and Studio Art

GRADUATION: JUNE 2028

NORTHFIELD, MINNESOTA

- Fully funded Kellogg Scholar at Carleton College - A selective need & merit-based scholarship for international students
- Relevant Coursework:** Thermodynamics and Statistical Mechanics (In Progress), Astrophysics I, Electricity and Magnetism, Analytical and Computational Mechanics, Ordinary Differential Equations, Atomic and Nuclear Physics, Observational Astronomy, Linear Algebra with Applications

HONORS AND AWARDS

- Recipient of “Hyslop Warnholtz Award” for summer art classes (\$405) | 2026
- Recipient of “Trustee Endowed Internship Fund” for summer 2026 research (\$5230) | 2026
- Finalist (Top 15% of 9.2k) at International Astronomy and Astrophysics Competition (IAAC) | 2026
- Honour for Exceptional Submission in Qualification Round at IAAC | 2026
- Selected as TeamUp Together Scholarship Recipient (\$10,000) | 2025
- Bronze Honour (Top 15% of 12.3k) at International Astronomy and Astrophysics Competition (IAAC) | 2025
- Recipient of “Sam '75 and Meg Woodside Endowed Fund for Career Exploration” (~\$4,800) | 2025
- 2 Gold, 5 Silver awards in the World Mathematical Team Championship, top 5% worldwide | 2021 and 2022
- Silver & Bronze Medal at the Brazilian Astronomy Olympiad (OBA) | 2021 and 2022

CONFERENCES, WORKSHOPS, AND RESEARCH SCHOOLS

- American Physical Society Annual Leadership Meeting (Ambassador) | 2026
- Carleton and St. Olaf College Joint Physics and Astronomy Symposium (Poster) | 2025
- Under OneSky Conference Americas Panel (Panel Host '24, Speaker '23) | 2023 and 2024
- TEDxYouth "Cultural astronomy: how science has impacted us since ancient times" (Speaker) | 2022
- ICTP South America Institute for Fundamental Research Summer School for Young Physicists (Quantum) | 2021

RESEARCH AND PROFESSIONAL EXPERIENCE

ASTROPHYSICS RESEARCH AT CIERA-NORTHWESTERN UNDER DR. KILPATRICK

EVANSTON, IL

Summer Research Assistant

June 2026 - Present

- Retrieved data from MAST, running calibration and analysis steps, performing photometry and basic HST image checks
- Contribute to systematic measurements across samples and summarize results in the context of the literature on Type II supernovae and their environments

PHYSICS AND ASTRONOMY DEPARTMENT AT CARLETON COLLEGE

NORTHFIELD, MN

Departmental Problem Solving Facilitator (PSF)

January 2025 - Present

- Assisted students from all departmental classes on problem set solving and conceptual understanding

Astronomy Assistant for Dr. Kimbrell (Fall '25) and Dr. Carillo (Spring '26)

September 2025 - Present

- Assisted 22 students taking *ASTR113: Observational Astronomy*, assembling 16.2-inch and 8-inch telescopes, guiding students in setup, observational, and image rendering procedures using AstroImageJ and GIMP softwares
- Troubleshoot equatorial alignment of new set of telescopes, guiding faculty and students in learning the process

Laboratory Assistant for Dr. West

Apr 2025 - June 2025

- Guided, evaluated, and graded 18 students taking ‘Mechanics and Relativity with problem solving with understanding’

CHEMODYNAMICS OF THE MILKY WAY RESEARCH UNDER DR. ANDREIA CARILLO

NORTHFIELD, MN

Student Research Assistant

January 2025 - Present

- Used low-resolution spectra data to analyze the kinematics and chemical dynamics of a set of red clump stars in the halo-disk area of the Milky Way Galaxy in order to determine their stellar population classification
- Re-ran data reduction processes using CURE to VIRUS-W and resolved existing dataset issues

PHYSICS EDUCATION RESEARCH UNDER DR. MARTY BAYLOR

NORTHFIELD, MN

Student Research Assistant

September 2025 - Present

- Aided in planning a summer science programme to be taught at the Puerta Abierta project in Santiago de Atitlan, Guatemala, designing a 2-day astronomy component for ages 7-10 with theoretical, hands-on observational activities
- Surveyed available children’s teaching materials in Spanish on Physics and Astronomy

OUTREACH AND LEADERSHIP EXPERIENCE

AMERICAN PHYSICAL SOCIETY (APS)

REMOTE

APS Advocacy Champion

June 2026 - Present

- Work with policy makers towards better science funding and structure, meeting in-person directly 2-3x a year
- Participated in policy briefings from APS Office of Government Affairs

SOCIETY FOR PHYSICS STUDENTS CHAPTER AT CARLETON COLLEGE

NORTHFIELD, MN

Vice-President Elect (2026-27), Secretary (2025-26)

June 2025 - Present

- Implemented a peer-mentorship program in the Physics and Astronomy department at Carleton, reaching a first year cohort of 20 mentors and 39 mentees
- Recorded notes, organized events, and completed other procedural tasks

COSMOS ASTRONOMY CLUB AT CARLETON COLLEGE

NORTHFIELD, MN

Co-leader

May 2025 - Present

- Hosted regular observation and imaging meetings at Goodsell Observatory, utilizing 16.2-inch John Brashear refractor telescope, 8-inch Meade Schmidt-Cassegrain LX200s, and Celestron telescopes

AMERICAN PHYSICAL SOCIETY (APS)

NORTHFIELD, MN

APS Student Ambassador

April 2025 - June 2026

- Selected and funded to attend APS Annual Leadership Meeting, participating in training and leadership development
- Ideated and organized 4 events (~60 attendees) to promote APS at Carleton, serving as a resource to student members

APS-IDEA TEAM AT CARLETON COLLEGE

NORTHFIELD, MN

Student Leader (2026 - Present), Student Member (2025)

February 2025 - Present

- Organized events, team meetings, and procedures, maintaining organization and communication amongst members
- Ideated and organized 3 events to discuss climate and inclusion in the department (19, 22, and 28 attendees respectively)

DARKSKY INTERNATIONAL

REMOTE

Summer Intern

June 2025 - August 2025

- Created a Global Sky Quality Repository project to unify Sky Quality data collected across the world
- Mapped Light pollution on Carleton College campus with over 10hrs of SQM data collection
- Managed Slack community interactions creating biweekly prompts and prompting community engagement
- Translated and assembled 7+ advocate outreach materials in Portuguese, Spanish, English, and Arabic

INTERNATIONAL ASTRONOMICAL UNION (IAU) - BRAZIL'S NATIONAL OUTREACH COORDINATION (NOC)

REMOTE

Social Media Manager

April 2023 - September 2024

- Managed office's online presence. Increased page impressions by 230%, reaching 900+ people daily
- Featured in "Women and Girls in Astronomy" project by IAU's Union Office of Astronomy Outreach

CIÊNCIA&ELAS - @CIENCIAEELAS ON INSTAGRAM, SCIENTIFIC OUTREACH TO FEMALE PUBLIC

REMOTE, BRAZIL

Media Producer ('22) and Media department coordinator ('23-'24)

October 2022 - September 2024

- Produced content about women in science and opportunities to encourage women to pursue roles in scientific field.
- Led an 11-people team and administered daily content production about women in STEM reaching 3k+ people

BRAZIL'S MINISTRY OF SCIENCE AND TECHNOLOGY (MCTI), NASA, AND ZOOINVERSE

REMOTE

Citizen Scientist volunteer

December 2022 - December 2024

- Participated in 4 asteroid hunting campaigns with 10 successful detections of asteroids using Astrometrica software
- Classified data using Zooniverse platform tools across 10 scientific projects, including 633 detections on project "Active Asteroids," 473 classifications on "Cloudspotting on Mars," and 63 transits on "Planet Hunters TESS"

CIDADÃO PRÓ-MUNDO

RIO DE JANEIRO, Brazil

Teacher ('21), Lead Teacher ('22-'24), Pedagogical Coordinator ('23-'24)

June 2021 - August 2024

- Oversaw all academic matters affecting 183 students (class placement, academic progress, & graduation requirements)
- Led 2 teams of 6 teachers, taught 50+ classes with 45% grade increase. Prepared 20 students for B1 and B2 certification

SKILLS AND INTERESTS

Technical Skills: Python (Astropy, NumPy, SciPy, Jupyter, Matplotlib), Mathematica, LaTeX, AstroimageJ, GIMP, Astrometrica, Dolphot, Microsoft and Google Office

Languages: English and Portuguese (Fluent), Spanish (Upper intermediate), Italian (Intermediate), Arabic (Elementary)

Interests: Observational and Computational Astrophysics, Astronomy, Light pollution, Community and Scientific Outreach
